

7-SLIDE CAROUSEL · SWIPE →

Civitas employee onboarding.

90 seconds. No seed phrases. No wallet installs. No
'what's my address'.

00:00

Email invite

Manager hits 'Invite' in the Civitas dashboard.
Employee gets an email.

Subject: Alice invited you to Civitas Payroll.

00:12

Continue with Google

Employee clicks the email link.

OAuth screen.

One click.

00:18

Wallet spawned, invisibly

Privy generates an MPC-managed embedded wallet.

No seed phrase shown.

No install required.

Real Solana pubkey underneath.

00:30

Compliance attestation runs

Chainalysis address screen. IP geofence.
Jurisdiction allowlist.

Background. Invisible to the employee.

00:75

ATA created on first paystub

Associated token account quietly created.
Ready to receive USDC.

00:90

First paystub appears.

Net pay. Gross. Deductions. Settlement timestamp.

Employee never saw 'Solana'.

That's the point.
